BASIC CONVERSATIONAL ENGLISH

This training aims to provide learners with the foundational skills and confidence to engage in basic conversations in English. Participants will develop essential vocabulary, grammar, and conversational skills necessary for everyday communication.

DO YOU
SPEAK
ENGLISH?

Each topic typically includes a combination of vocabulary building, grammar practice, speaking activities, and listening exercises to enhance overall conversational proficiency.

This is a general outline for a basic conversational English training program. The specific content and duration may vary depending on the learners' needs.
